PLASCON SKIMMING STUCCO EXTERIOR

TYPE:
Plascon Skimming Stucco Exterior is a waterbased, quick drying putty suitable for both Interior and Exterior use.

SALIENT FEATURES:
- High Solids,
- Easy to apply,
- Excellent filling & Sanding
- No sinking/cracking.
- To be applied on Plascon Stucco Filler Paste.
- Not to be applied to fill Cracks and heavily undulated surfaces.

FIELD OF APPLICATION:
1. Can be used indoors and outdoors for filling of minor dents and other irregularities on substrates such as plaster, concrete building boards, plywood etc.

2. Can be used to design special pattern/effects. Can be used directly on a properly primed new surface. For previously painted surfaces, first apply 2 coats of Plascon Acrylic Sealer Undercoat after the necessary surface preparation. Stir content thoroughly before use.

3. For special pattern/effects/design on exterior/interior wall, 2 coats of top coat paint e.g. Vinyl Silk, Weatherguard, Eggshell, Matt Emulsion, Supergloss etc must be applied to enhance adhesion and durability. If used on the ceiling, 1 coat of Matt Emulsion is necessary.

TECHNICAL INFORMATION:

FINISH: Smooth finish.

COLOURS/SHADES AVAILABLE: White.

DRYING TIME: 1-2 hours depending on surface, texture and atmospheric conditions.

COVERAGE: 2-4M² per Kg, depending on surface, irregularity and design or pattern used.

FLASH POINT: Non-Flammable

Toxic/Harmful  Dangerous for the Environment
THINNER FOR MIXING AND CLEANING:  
Clean water if required – clean tools and brushes immediately after use.

SURFACE PREPARATION  
ROUTINE: Sand the surface after it has completely dried and remove all loose powder.  
Apply two coats of emulsion based primer e.g. Acrylic Sealer Undercoat.

APPLICATION:  
Putty Knife/Trowel/Special Gravity-fed spray gun.

PACKAGING:  
30Kgs

STORAGE:  
Store in a cool & dry place

SHELF-LIFE:  
6 months, if stored as required.

PRECAUTIONS:  
Keep the container closed after use. Do not intermix with other products.

SAFETY MEASURES

1. Store the container in a tightly closed condition in a cool dry and well-ventilated area, away from children, heat and direct sunlight.

2. If swallowed seek medical attention immediately.

3. Do not use near fire or flame.

4. Do not store foodstuff in the empty container.

5. Dispose of the empty container in a safe manner as per local regulations.
